

Client: Diamond Trading Company de Beers
Project value: £14m
Completion: 2004

DTC de BEERS, LONDON EC2

Complex restructuring of our client's organisation to relocate 900 staff.

The project included appearance, branding, refurbishment of existing as well as new build offices with specialist areas such as the Diamond Information Office, facility for processing of diamonds and associated sorting areas, cinema, security booths, staff restaurant and new entrances.

This delicate project was carried out with the client in full occupation at the premises for the duration of the contract.
