Completion: 2007

RADISSON EDWARDIAN NEW PROVIDENCE WHARF, LONDON

A new luxury hotel interlinked with the SOM-designed Ontario Tower and arranged around a dramatic central plaza. The tower soars 29 storeys above the riverside with panoramic views over London, the river and Canary Wharf's distinctive skyline.

The interlinking glazed atrium between the hotel and the tower houses the reception area and lobby lounge. A glass bridge leads to a luxury health spa housed within the first floor level of the tower. The spa contains a fully equipped gym, dance studio, treatment rooms and a relaxation space.

A cocktail bar and restaurant lead to large stepped riverside terraces. Other hotel facilities include a banqueting suite, business centre, meeting rooms and an executive boardroom.

The 180 guestrooms include a presidential suite also overlooking the river.
